Disclaimer

In this disclaimer provision:

“Crown” means Her Majesty the Queen in right of the Province of Alberta;

“Minister” means the Minister responsible of the Alberta Sustainable Resource Development;

“Their employees” means and includes each, any and every officer, employee, servant and agent of either or both of the Crown and the Minister and without limiting the generality of the foregoing, and includes employees of the Crown and the Minister employed in Alberta Sustainable Resource Development.

“EDS” means the Electronic Disposition System and all programs, hardware, documentation, functions and services forming a part thereof or associate therewith.

The Crown, the Minister and their employees and the contractors and technical advisors of the aforesaid:

- (a) Make no warranty or representation, whether expressed or implied, to any person with respect to this material or documentation of EDS or as to the service, performance, quality, merchantability or fitness of any part of the aforesaid for any purpose; and
- (b) Shall not be liable for any action, damages or claims, whether occasioned by negligence or otherwise, that any person, user, Subscriber or any employees of the aforesaid may hereafter have, allege or become entitled to (including but not limited to any claim of third-party contribution of indemnity, any economic or moral loss, or direct, immediate, special, indirect or consequential damages which do, may, or are alleged to arise as a result of:
 - (i) The use of this material or documentation or EDS or any service connection therewith; or
 - (ii) Any error or omissions in data or any loss or partial loss of data or incomplete retrieval of information, even if any or all of the Crown, the Minister or their employees were advised of the possibility of such risk, action, claims or damages, including damages sustained or actions brought by third parties and claims made against the Subscriber by third parties.

The entire risk of loss relating to or associated with the quality and performance of EDS and any product and results thereof shall be assumed by the Subscriber and by any other user of EDS.

1. EDS Overview

EDS (Electronic Disposition System) is an online service that allows clients to submit specified applications/amendments and documents for surface dispositions to SRD electronically. Presently EDS has 5 subsystems:

- Public Land Disposition Applications & Amendments - This selection will enable you to submit applications or amendments for dispositions on public lands for EZE, LOC, MSL, PLA, PIL, REA SML & VCE purposes.
- Disposition Maintenance - This selection will enable you to submit AOA Monthly Status Report and create a Site Entry notification.
- Reclamation Certificate Application Submissions - This selection will enable you to submit application for Reclamation Certificate on Public Land.
- Public Lands Disposition Enhanced Approval - All applications for upstream oil and gas activities, (excluding in-situ oils sands production, oil sands mines operations and those dispositions being applied for through the AOA process) for the disposition types of Mineral Surface Lease (MSL), License of Occupation for access (LOC), Pipeline Agreement (PLA), and Pipeline Installation Lease (PIL) must be submitted through the "Public Land Disposition Enhanced Approval" selection #4, effective September 1st, 2010.

Any disposition applications that are outside of the scope of the "Public Land Disposition Enhanced Approval" selection #4, must be submitted through the "Public Land Disposition Application & Amendments" selection #1, or "Disposition Maintenance" selection #2, as appropriate.

Any disposition application submissions that are in scope of the "Public Land Disposition Enhanced Approval" selection #4, and submitted through any other selections will be rejected.

Any disposition applications submitted through the "Public Land Disposition Enhanced Approval" selection #4, that are outside of the defined scope will be rejected.

- Application/Amendment Status Check Request - This selection will enable you to send a request for the status of application/amendment. This must be used to request a status of an application processed by the Industrial, Oil and Gas Applications Unit. For details about each of the subsystems please review the individual User Manual.

EDS will allow clients to submit applications and amendments during extended hours. It will also provide validation of selected data fields at the client workstation thereby assisting the client to minimize the opportunity for errors on the submission.

Applications that are accepted by EDS for uploading to GLIMPS (Geographic Land Information Management Planning System) will be assigned an activity number by EDS and emailed back to the client along with a copy of the application. The opportunity that will be provided by this automated system will ensure that clients are provided with efficient and consistent service.

1.1 Hours of Operations

EDS Support help desk is available Monday to Friday 8:15 am to 4:30 pm except statutory holidays. The system is available from 6:30 am to 10:00 pm everyday.

1.2 Site Entry Use Restrictions

- One site entry for each disposition only.
- Clients and stakeholders involved must be active and registered in LSAS

1.3 Attachment Requirements

Welcome to Electronic Disposition System

Please make a selection

- 1. Public Land Disposition Applications & Amendments**
This selection will enable you to submit applications or amendments for dispositions on public lands for EZE, LOC, MSL, PLA, PIL, REA SML & VCE purposes.
- 2. Disposition Maintenance**
This selection will enable you to submit AOA Monthly Status Report and create a Site Entry notification.
- 3. Reclamation Certificate Application Submissions**
This selection will enable you to submit application for Reclamation Certificate on *Public Land*.
- 4. Public Lands Disposition Enhanced Approval**
All applications for upstream oil and gas activities, (excluding in-situ oils sands production, oil sands mines operations, and those dispositions being applied for through the AOA process) for the disposition types of Mineral Surface Lease (MSL), License of Occupation for access (LOC), Pipeline Agreement (PLA), and Pipeline Installation Lease (PIL) must be submitted through the "Public Land Disposition Enhanced Approval" selection #4, effective September 1st, 2010.

Any disposition applications that are outside of the scope of the "Public Land Disposition Enhanced Approval" selection #4, must be submitted through the "Public Land Disposition Application & Amendments" selection #1, or "Disposition Maintenance" selection #2, as appropriate.

Any disposition application submissions that are in scope of the "Public Land Disposition Enhanced Approval" selection #4, and submitted through any other selections will be rejected.

Any disposition applications submitted through the "Public Land Disposition Enhanced Approval" selection #4, that are outside of the defined scope will be rejected.
- 5. Application/Amendment Status Check Request**
This selection will enable you to send a request for the status of application/amendment.
This must be used to request a status of an application processed by the Industrial, Oil and Gas Applications Unit.

Warning: Please refrain from using the Browser "Back" function or "Enter" key while using the EDS Application.

After successfully signing on, Industry Clients will be presented with a menu that offers three service options. The service options are:

- **Public Land Disposition Applications & Amendments**
 - Create applications
 - Amend dispositions
 - Amend two associated dispositions
 - Amend One of two associated dispositions
 - Amend an existing disposition and create a new associated disposition
 - Plan package submission for paper applications and amendments
- **Disposition Maintenance**
 - Submission for AOA Monthly Reports
 - Submission of Site Entry Notification
- **Reclamation Certificate Application Submissions**
 - Submit an application for a reclamation certificate
- **Public Lands Disposition Enhanced Approval**
 - Create applications
 - Create two associated dispositions
 - Amend dispositions
 - Amend two associated dispositions
 - Submit final plan dispositions
 - Submit two associated final plan dispositions

2.1 Help

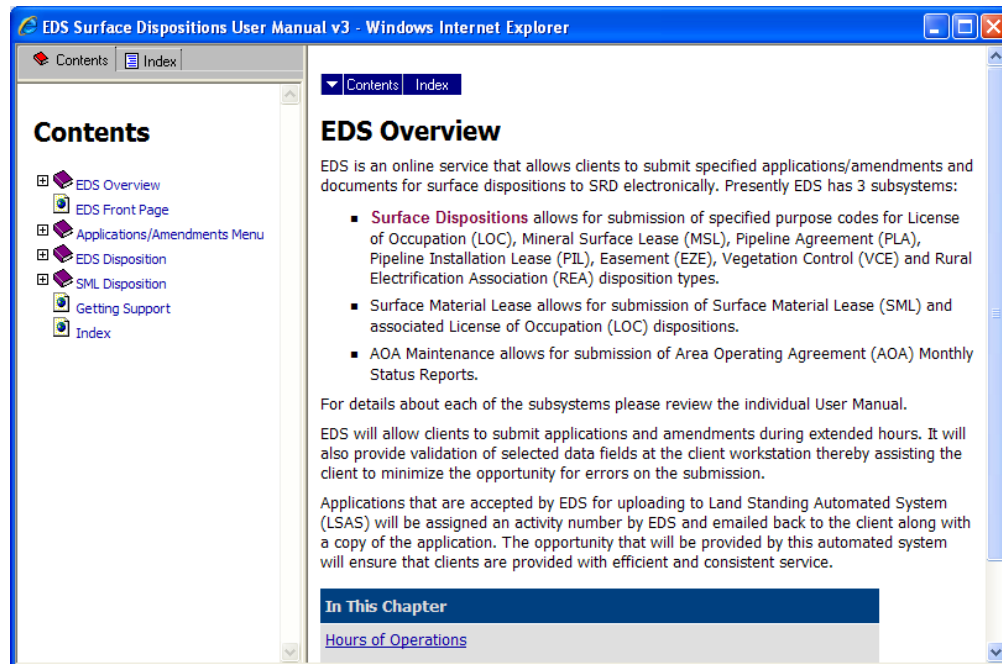

- The three Help functions, located at the top of the page, are “Contact Us”, “EDS Website” and “Help”. Selecting ‘Contact Us’ will generate an email to EDS.support@gov.ab.ca where you can indicate any questions or comments.

- Selection ‘EDS Website’ will forward you to the EDS website where you can browse information available.

Clicking Help will take you to the online EDS manual.

The Online Help will show a number of topics are displayed.

To print any topic right click your mouse and select print.

3. Site Entry Submissions Page

To better manage industrial operations occurring in the field, notification of site entry is required.

The Site Entry module can be found under the EDS Main Menu option # 2, *Disposition Maintenance*. You must obtain an EDS account and be granted the proper permission in order to access this module.

Should you require an account, go to srd.alberta.ca and search for the “*EDS, LAT & PCS User ID Request Form*” and send the completed copy to eds.support@gov.ab.ca

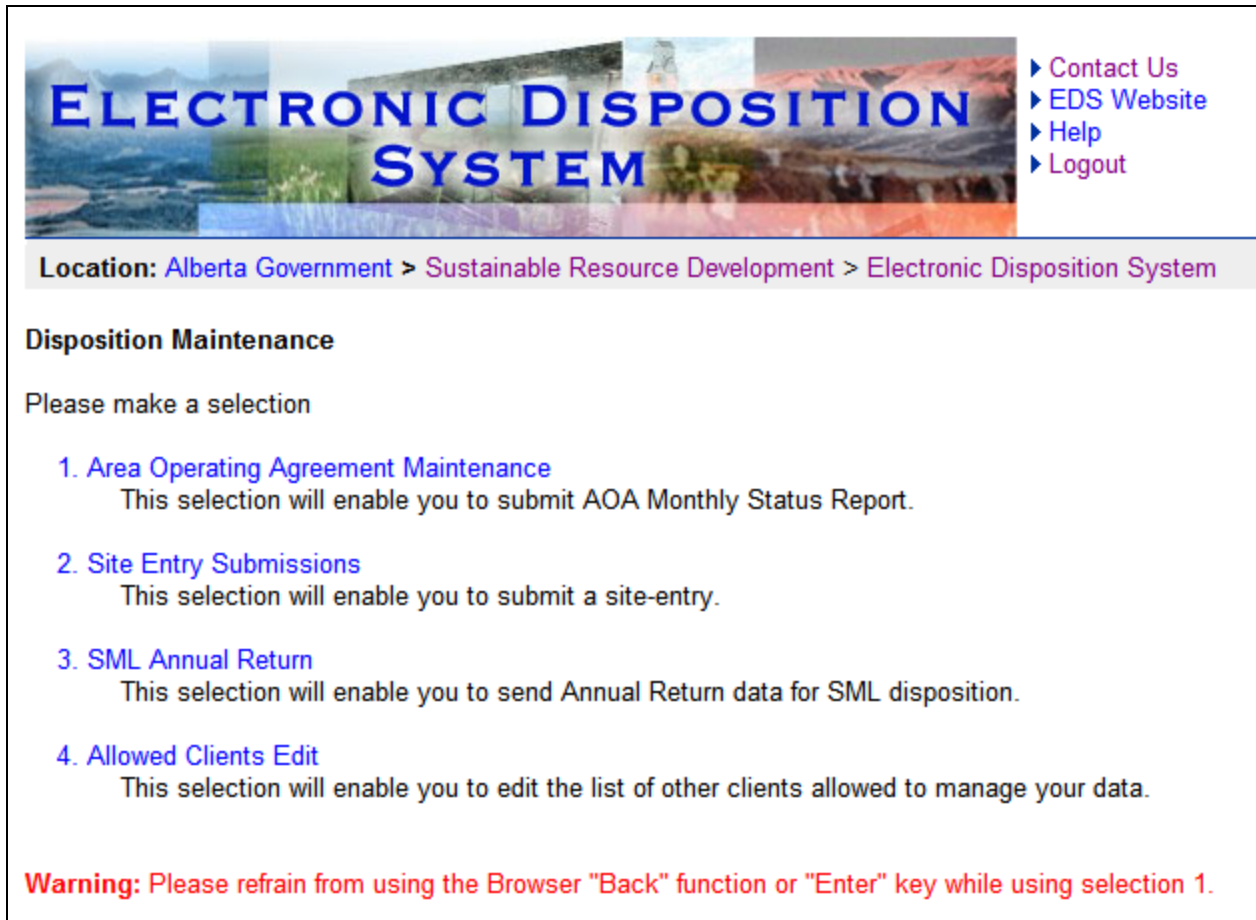

3.1 Site Entry Data Input Page

Entry of an approved site is to occur within the four year time period of the short term disposition. Notification must be entered into EDS by the disposition holder within 48 hours of entry on to the land. The date of the site entry can not be before the date the short term disposition was issued and it can not be a future date.

To submit a Site Entry notification:

1. Select option # 2, *Disposition Maintenance*, from the EDS Main Menu.
2. Select option # 2, *Site Entry Submissions*, from the *Disposition Maintenance* menu.

The screen is displayed below.

Location: Alberta Government > Sustainable Resource Development > Electronic Disposition System

Disposition Maintenance

Please make a selection

1. **Area Operating Agreement Maintenance**
This selection will enable you to submit AOA Monthly Status Report.
2. **Site Entry Submissions**
This selection will enable you to submit a site-entry.
3. **SML Annual Return**
This selection will enable you to send Annual Return data for SML disposition.
4. **Allowed Clients Edit**
This selection will enable you to edit the list of other clients allowed to manage your data.

Warning: Please refrain from using the Browser "Back" function or "Enter" key while using selection 1.

3. Enter the disposition number being applied for.
4. In the *LAT #* box, specify the LAT number associated to the disposition as generated from the LAT tool.
5. Enter the date of entry in the *Site Entry Date* box using YYYY/MM/DD format
6. Click down on the *Land Use Area Office* and select the land use office the disposition falls within.
7. Input the name of a person in the company that can be contacted by the Land Use Office in the *Company Field Contact Name* box.
8. Input the telephone number of the Company Contact Name in the *Company Field Contact Phone* field.
